PROFESSIONAL SUMMARY

Results-driven Full-Stack Software Engineer with a unique foundation in commerce and accounting, specializing in the development of scalable SaaS products, including e-commerce platforms and property management software. Proficient in modern frameworks (Laravel, React, Next.js, FastAPI) and DevOps practices (Docker, CI/CD). Adept at translating complex business requirements such as ERP and financial workflows into efficient, automated technical solutions. Recognized for a detail-oriented approach, seamless cross-functional collaboration, and driving business performance through innovative system design.

TECHNICAL SKILLS

- **Programming Languages:** TypeScript, JavaScript, Python, C, HTML/CSS
- **Frameworks & Libraries:** Laravel, React, Next.js, FastAPI, NestJS, Flask, Node.js
- **SaaS & Enterprise Systems:** Odoo (E-commerce & ERP architecture), Property Management Software, Sun Accounting System, Oracle Opera PMS
- **DevOps & Tools:** Docker, Docker Compose, CI/CD pipelines, Git/GitHub, ClickUp, Yarn
- **Databases:** PostgreSQL, MySQL, SQLite

PROFESSIONAL EXPERIENCE

Software Engineer

June 2025 – Present

Yada Innovations, Nairobi

- Architected and developed comprehensive SaaS products, notably e-commerce platforms and custom property management software.
- Spearheaded the development, deployment, and maintenance of robust RESTful APIs and conducted comprehensive code reviews.
- Implemented CI/CD pipelines to streamline deployment processes, utilizing Docker environments to ensure high availability.
- Engineered an Enterprise Resource Planning (ERP) system using Odoo to optimize customer relationship and employee management workflows.
- Designed server-side and client-side logic for specialized industry solutions, including medical applications, church management software, and school attendance systems.

Finance Intern

May 2024 – Jul 2024

Mombasa Continental Resort, Mombasa

- Managed comprehensive treasury duties, including daily bank reconciliation, financial record analysis, and accurate reporting.
- Gained deep domain expertise in revenue management, accounts payable/receivable, and food & beverage control, providing critical business logic context for developing financial software.
- Handled cashiering, centralized purchasing, and store inventory operations (receiving, issuing, and stock-taking).

Sales & Shop Attendant

Seasonal (2022 – 2024)

Danpay Retail Shop, Mombasa

- Drove a 30% increase in retail sales through strategic customer engagement and efficient service delivery.
- Streamlined internal bookkeeping and purchasing/supplier selection processes, reducing operational friction.
- Resolved product obsolescence issues and managed daily M-Pesa (mobile money) transactions and reconciliations.

EDUCATION

Bachelor of Commerce (Accounting)

December 5, 2025

The Cooperative University of Kenya, Nairobi

CERTIFICATIONS & TRAINING

- **Certificate in Computer Science** | HarvardX (Feb 2025)
- **Canva 101 Training** | The Human Capital Program (May 2025)

CORE COMPETENCIES

Problem-Solving & Critical Thinking | System Design | Cross-functional Collaboration | Adaptability & Change Management | Time Management
